SUBJECT INDEX*

Book reviews are indicated by (*B. Rev.*); editorials by (*E*).

A

Abdominal aorta and iliac arteries, retrograde arteriography in study of (Fariñas), 244
  surgery, lower, use of cotton sutures in (Flax), 653
Absorption, peritoneal, of penicillin (Shafiroff), 753
Adenoma of islands of Langerhans, origin and growth of (Good), 159
Administration, drug and parenteral fluid, new techniques for (MacQuigg), 592
Advanced and inoperable cancer, treatment of (Howes and Shapiro), 207
Ampulla and ampullary region, pancreaticoduodenectomy for carcinoma of (Orr), 144
  of Vater and head of pancreas, primary carcinoma of, resection of duodenum and head of pancreas for (Cole and Reynolds), 133
    cholangitis and pancreatitis from stricture of, relation of dynamics of biliary drainage to (McGowan), 470
Anal orifice, spontaneous rupture of lower colon with evisceration of small intestine through (McLanahan and Johnson), 478
Anastomosis, lateral, suture technique for producing; arteriovenous fistula (Deterling, Jr.), 679
Anatomy of lung, intrahilar and related segmental (Boyden), 706
Anesthesia (Knight), 130 (*E*)
  curare in (Cullen), 45
  explosions in (Cole), 7
  extradural (Lins), 502
  factors influencing trends in (Lundy et al.), 1
  intravenous sodium pentothal, in major surgical cases (Shutt), 43
  prolonged (Knight and Baird), 33
Anesthetic agents as factors in circulatory reactions induced by hemorrhage (Zweifach et al.), 48
Aneurysms, bilateral arteriovenous, of posterior tibial arteries (Plank), 391
  multiple arteriovenous (Shumacker, Jr.), 646
Aorta, abdominal, and iliac arteries, retrograde arteriography in study of (Fariñas), 244
  surgical correction for coarctation of (Gross), 673
Apparatus, modification of Gius-Racely portable suction (Stone and Roddenbery), 598
Appendicitis, acute, mortality factors in (Hoerr), 305
Arm, interscapulothoracic disarticulation of (Berman), 256
Army general hospital, United States, in North Africa, patients with intrathoracic disease and injury treated on surgical service of (Paine and Plankers), 401
Arterial hypertension. Its diagnosis and treatment, 780 (*B. Rev.*)
Arteries, healing of, and relationship to secondary hemorrhage (Murray and Janes), 624
  iliac, and abdominal aorta, retrograde arteriography in study of (Fariñas), 244
  posterior tibial, bilateral arteriovenous aneurysms of (Plank), 391
Arteriography, retrograde, in study of abdominal aorta and iliac arteries (Fariñas), 244
Arteriovenous aneurysms, bilateral, posterior tibial arteries (Plank), 391
  multiple (Shumacker, Jr.), 646
  fistula; suture technique for producing lateral anastomosis (Deterling, Jr.), 679
Artery, popliteal, suture of (Imes), 644

B

Bacillus histolyticus, occurrence of, in accidental wounds without recognized specific infection (Hall), 369
  tetani, occurrence and possible significance of, in compound fractures, lacerations, gunshot wounds, and burns (Hall), 377
Bacterial synergistic gangrene, progressive, treatment of, with penicillin (Meleney et al.), 423
Bandage fabric, semielastic cotton gauze (Goldthwait et al.), 507
Battle area, forward, surgery of colon in (Mason, III), 534
Biliary drainage, dynamics of (McGowan), 470
Blood, whole, citrate intoxication in massive transfusions of, studies on mechanism of (Thornton, Jr., et al.), 595
Body fluid and plasma protein changes following single nonfatal hemorrhage in hypoproteinemic dogs (Pride et al.), 250
Bone and tendons, scarred or ulcerative defects over, use of skin flaps in repair of (Padgett and Gaskins), 287
  graft, molded (Barsky), 755
  suture, nylon (Rowe), 764

*July, pp. 1-132; August, pp. 133-266; September, pp. 267-400; October, pp. 401-528; November, pp. 529-662; December, pp. 663-794.

Book reviews, 131-132, 398-400, 528, 662, 780-782
Bowel, large, gangrene of extensive segment of, acute colonic obstruction secondary to carcinoma of sigmoid colon with (Kremen), 335
perforation, observations on (Weinberger), 547
succinylsulfathiazole and intestinal suction in surgery of (Newton and Blodgett), 200
small, stricture following irradiation therapy for carcinoma of fundus uteri (Saltzstein), 556
Branchial (lateral cervical) cysts and fistulas (Neel and Pemberton), 267
Breast surgery, extensive, modification of Z plastic for primary skin closure following; skin transposition in incisional defects (Sinaiko), 650
Bronchial stump, closure of, following lobectomy or pneumonectomy (Sweet), 82
Burns, compound fractures, lacerations, and gunshot wounds, occurrence and possible significance of Bacillus tetani in (Hall), 377
deep, routine for early skin grafting of (Rawles, Jr.), 696
practical aspects of treatment of (Siegel et al.), 298

C

Cancer, advanced and inoperable, treatment of (Howes and Shapiro), 207
in lymph nodes, surgical problem of (Sugarbaker), 608
Carcinoma of ampulla and ampullary region, pancreaticoduodenectomy for (Orr), 144
of duodenal diverticulum involving head of pancreas; radical duodenopancreatectomy (Strode), 115
of fundus uteri, small bowel stricture following irradiation therapy for (Saltzstein), 556
of pancreas, method of implanting pancreatic duct into jejunum in Whipple operation for (Varco), 569
of sigmoid and rectosigmoid involving urinary bladder (Dixon and Benson), 191
colon, acute colonic obstruction secondary to, with gangrene of extensive segment of large bowel (Kremen), 335
primary, of head of pancreas and ampulla of Vater, resection of duodenum and head of pancreas for (Cole and Reynolds), 133
Casualties, severely wounded, resuscitation of (Lalich and Mason, III), 741
Cavernosum mesenterii, chylangioma (Lubitz and Flynn), 772
Cervical (branchial), lateral, cysts and fistulas (Neel and Pemberton), 267
Cholangitis and pancreatitis from stricture of ampulla of Vater, relation of dynamics of biliary drainage to (McGowan), 470
Chylangioma cavernosum mesenterii (Lubitz and Flynn), 772
Circulatory reactions induced by hemorrhage, anesthetic agents as factors in (Zweifach et al.), 48
Circumcision, improved method of (Gersh), 394
Citrate intoxication in massive transfusions of whole blood, studies on mechanism of (Thornton, Jr., et al.), 595
Clamp, intestinal spur-crushing (Wolfson), 560
Closure, extraperitoneal, of colostomy, improved method for (Shallow et al.), 466
of duodenal fistula (Snyder, Jr., et al.), 562
Coarctation of aorta, surgical correction for (Gross), 673
Cod-liver oil ointment in surgery (Daughtry), 510
Colectomy and ileostomy in chronic ulcerative colitis (Dennis), 435
Colitis, chronic ulcerative, ileostomy and colectomy in (Dennis), 435
Colon, lower, spontaneous rupture of, with evisceration of small intestine through anal orifice (McLanahan and Johnson), 478
sigmoid, acute colonic obstruction secondary to carcinoma of, with gangrene of extensive segment of large bowel (Kremen), 335
surgery of, experimental evaluation of sulfasuxidine and sulfathalidine in (Poth et al.), 529
in forward battle area (Mason, III), 534
operative results of, for neoplastic disease (Pierpont et al.), 541
Colonic obstruction, acute, secondary to carcinoma of sigmoid colon with gangrene of extensive segment of large bowel (Kremen), 335
Colostomy, extraperitoneal closure of, improved method for (Shallow et al.), 466
Cotton gauze bandage fabric, semielastic (Goldthwait et al.), 507
ligatures and sutures, relaxation incisions, use of, for improved method of circumcision (Gersh), 394
sutures in lower abdominal surgery, use of (Flax), 653
Curare in anesthesia (Cullen), 45
Cyclopropane—a personal evaluation (Waters), 26
Cystitis, gangrenous (Cristol and Greene), 343
Cysts and fistulas, lateral cervical (branchial) (Neel and Pemberton), 267

D

Defects, incisional, skin transposition in (Sinaiko), 650
Dicumarol in prevention of postoperative thrombosis and pulmonary embolism (Reich et al.), 238
Disarticulation, interscapulothoracic, of arm (Berman), 256

Disease, intrathoracic, and injury, patients with, treated on surgical service of United States Army general hospital in North Africa (Paine and Plankers), 401

Diverticulum, pulsion, of hypopharynx at pharyngo-esophageal junction (Harrington), 66

Drainage, biliary, dynamics of (McGowan), 470

Drug and parenteral fluid administration, new techniques for (MacQuigg), 592

Duodenal fistula, closure of (Snyder, Jr., et al.), 562

Duodenopancreatectomy, radical (Strode), 115

Duodenum and head of pancreas, resection of, for primary carcinoma of head of pancreas and ampulla of Vater (Cole and Reynolds), 133

Dynamics of biliary drainage (McGowan), 470

E

Ear, external, care of injured (Webster), 515

Editorial, 130

Embolism, pulmonary, and postoperative thrombosis, dicumarol in prevention of (Reich et al.), 238

in fractures of hip (Golodner et al.), 418

Emergency surgery, 781 (*B. Rev.*)

Empyema, putrid, without foul sputum (Neuhof and Stats), 411

Endocrinology of woman, 781 (*B. Rev.*)

Esophagus, spicular foreign bodies in (Bigger et al.), 603

Evisceration of small intestine through anal orifice, spontaneous rupture of lower colon with (McLanahan and Johnson), 478

Exophthalmos, progressive, hyperthyroidism with, and without tachycardia (Chapman and Rognoni), 522

Explosions in anesthesia (Cole), 7

External ear, injured, care of (Webster), 515

Extradural anesthesia (Lins), 502

Extraperitoneal closure of colostomy, improved method for (Shallow et al.), 466

Extremities, lower, venous pressures in disorders of venous system of (Tyson and Goodlett), 669

of man in health and disease, vascular responses in, 780 (*B. Rev.*)

Extrusion of gastric mucosa through pylorus (Norgore and Shuler), 452

F

Fibrin foam, human, with thrombin as hemostatic agent in general surgery (Bailey et al.), 347

Fistula, arteriovenous; suture technique for producing lateral anastomosis (Deterling, Jr.), 679

duodenal, closure of (Snyder, Jr., et al.), 562

gastrojejunocolic (Ransom), 177

Fistulas and cysts, lateral cervical (branchial) (Neel and Pemberton), 267

Flap, tubed pedicled, new design for raising Gabarró), 732

Flaps, skin, use of, in repair of scarred or ulcerative defects over bone and tendons (Padgett and Gaskins), 287

Fluid, parenteral, and drug administration, new technique for (MacQuigg, 592

Foam, human fibrin, with thrombin as hemostatic agent in general surgery (Bailey et al.), 347

Foot, structure and function as seen in, 399 (*B. Rev.*)

Foramen of Winslow, radiographic diagnosis of hernia into lesser peritoneal sac through (Hollenberg), 498

Foreign bodies, spicular, in esophagus (Bigger et al.), 603

successful removal of, within pericardium (Watts and Toone), 685

Forward battle area, surgery of colon in (Mason, III), 534

Foul sputum, putrid empyema without (Neuhof and Stats), 411

Fractures, compound, lacerations, gunshot wounds, and burns, occurrence and possible significance of Bacillus tetani in (Hall), 377

gunshot, of shaft of humerus (Fitts, Jr., et al.), 493

of hip, pulmonary embolism in (Golodner et al.), 418

Fundus uteri, carincoma of, small bowel stricture following irradiation therapy for (Saltzstein), 556

G

Gangrene of extensive segment of large bowel, acute colonic obstruction secondary to carcinoma of sigmoid colon with (Kremen), 335

progressive bacterial synergistic, treatment of, with penicillin (Meleney et al.), 423

Gangrenous cystitis (Cristol and Greene), 343

Gastrectomies, subtotal, for benign ulcer (Sanders), 229

Gastrectomy, subtotal and palliative, for chronic gastric ulcer (Colp and Druckerman), 573

Gastric mucosa, extrusion of, through pylorus (Norgore and Shuler), 452

ulcer, chronic, subtotal and palliative gastrectomy for (Colp and Druckerman), 573

Gastrojejunocolic fistula (Ransom), 177

Gauze bandage fabric, semielastic cotton (Goldthwait et al.), 507
